IMPACT REPORT

2022 · Planting the first seeds

Teravana is a regenerative land and retreat nonprofit in Cazadero, West Sonoma County, California, stewarding its land since 2019. In late 2022 (October to December) we laid the groundwork for a living tree library with the Archangel Ancient Tree Archive.

2022 AT A GLANCE

300 young trees received from the Archangel Ancient Tree Archive	**100 sq ft** temporary tree nursery set up on the land	**1** community workshop hosted

MILESTONES

- Archangel Ancient Tree Archive partnership began (October 2022), the start of our work propagating and planting climate-resilient trees descended from ancient champions.
- 300 mixed trees received: coast redwoods, giant sequoias, Monterey pines, planes and willows.
- First tree nursery: a 100 sq ft temporary nursery to hold and care for the new trees.
- 1 workshop hosted on the land.
- These first steps set up 2023, when the nursery grew to hold 1,000+ trees.

Figures cover October to December 2022 and come from Teravana program records (2022/23 impact document and impact tracker). Amounts in USD.
